RESUME SUMMARY

An attentive designer with coding knowledge and diverse experience in collaboration, providing management and production support. A committed teammate who always sees projects through, with 85% of participated designs getting built or taking form.

PROFESSIONAL EXPERIENCE

Frontend Web Developer

Groundcycle | New York, NY

AUGUST 2020 - PRESENT

- ◆ Collaborate in an Agile environment with designers, developers, data analysts, consultants and the startup founder to meet business needs.
- ◆ Translate pre-existing website into customizable wireframe and construct overall site map; review functionality and contributed prototypes for user testing.
- ◆ Develop web application in MERN stack and provide scalability, responsive design, custom theming, and cross-platform compatibility for increased customer base.

RELEVANT EXPERIENCE

Architectural Designer – Revit Specialist

Whitehall Interiors NYC | New York, NY

DECEMBER 2017 - MARCH 2019

- ◆ Managed, drafted, and reviewed 6 separate projects for residential clients blueprints to meet design standards and construction code.
- ◆ Composed 200+ custom components and guided company-wide transition into Building Information Modeling technology.

Architectural Designer

Rafael Viñoly Architects | New York, NY

AUGUST 2015 - OCTOBER 2017

- ◆ Oversaw all aspects of a 1.02 billion dollar development through its redesign; drafted and presented revisions to analyze construction feasibility and cost-effectiveness with the project team.
- ◆ Reviewed and coordinated design documentation with engineers, consultants, and clients to ensure cohesive project direction.
